The actual financial aid that a student is eligible to receive is related to the student's financial aid status, chosen program of study, the total number of credit hours enrolled in each semester, and academic standing and history. Any change in a student's financial aid status or enrollment information can affect the financial aid awarded to the student. Academic Progress and Financial Aid Policy

In order to receive student financial aid under the programs authorized by Title IV of the Higher Education Act as amended, students must make satisfactory academic progress in the course of study they are pursuing. Students must select a program and make qualitative and quantitative progress toward completion of that program in accordance with the college's academic policies.

- Qualitative- a student must maintain a cumulative GPA of 2.0 or higher
- Quantitative- the maximum time frame in which a student is expected to complete a program of study for which the student is enrolled is 150% this means that a student must complete at least 67% of all attempted credit hour of which the student is enrolled per semester.

Financial Aid students who fail to make satisfactory progress may be declared ineligible for financial aid at CGTC until the deficiency has been removed. Financial Aid recipients are expected to maintain satisfactory progress in accordance with the college's academic standing policies described in the [Academic Information](#) section. A student failing to demonstrate satisfactory progress may be placed on academic warning or probation for the following semester. NOTE: Although the college may readmit students on academic probation, in many cases this type of readmission may not qualify students to receive financial aid.

A student may appeal a decision related to failure to make satisfactory progress on specified relevant grounds. The student shall appeal in writing to the Financial Aid Director within 10 days after notification of the decision with which he/she disagrees. Any dispute a student may have with regards to a semester financial aid award amount or institutional charge (tuition, fee, book) on his/her record may appeal in writing within 10 days of the last day of the specific semester the award or charge occurred. The student will receive a notification by mail of the decision results within 30 days of the date the appeal was submitted.

Financial Aid Refund Policy

Financial aid adjustments are made in accordance with the federal and state regulations and institutional policy. Financial aid awards are adjusted based on the guidelines of the particular fund. A specific pro-rata formula, mandated by the U.S. Department of Education, is used to determine the amount of federal student financial aid assistance that a student has received and/or earned when he/she withdraws during a period of enrollment (semester). The return of funds requirement is applied to students withdrawing on or before the 60 percent point of the period of enrollment. Any amount that the student must return is a grant overpayment and the student is held responsible for the repayment of assistance that he/she was determined not eligible to receive.

Additionally, in the case of an award being made to a student and for whatever reason it is determined he/she is not eligible for the assistance, the student is held responsible for any overpayment or charge incurred. If a student finds the need to withdraw from a class or withdraw completely for the semester, he/she is required to contact the Admissions Office and complete a Course Withdrawal Form or an Official Withdrawal Form. The Financial Aid Office will be notified and required adjustments will be made to the student's financial aid award(s).

Payment of Federal Aid Fund Credit Balances - Refunds

A Federal Student Aid (FSA) credit occurs whenever the college disburses FSA program funds to a student's account and the total amount of those FSA funds exceeds the student's allowable charges. The credit balance must be paid directly to the student no later than 14 days after either the date the balance occurred on the student's account or the first day of classes if the credit balance occurred on or before the first day of class of the term. CGTC may make payment by issuing a check, a prepaid debit card, or by initiating an Electronic Funds Transfer (EFT).
